

Fomblin° Y LVAC 06/6

perfluoropolyether

Fomblin® Y PFPE perfluoropolyether fluids have the following unique features:

- · Low vapor pressure
- · Chemical inertness
- High thermal stability
- Good lubricant properties
- · No flash or fire point
- · Non-toxicity

- Excellent compatibility with metals, plastics, elastomers
- Good aqueous and non-aqueous solvent resistance
- High dielectric properties
- Low surface tension
- · Good radiation stability
- Environmentally acceptable
